3. The Board of Directors' oversight of the Management Board:

In the first six months of 2026, the Board of Directors of the Corporation held a total of 25 meetings and solicited written opinions, issuing 65 resolutions, decisions, and documents to guide and decide on policies and plans for the Corporation's production and business activities, while also directing and resolving issues arising related to the functions and duties of the Board of Directors. This contributed to improving the management capacity of the executive apparatus, enhancing the efficiency of capital management, and developing production and business for the Corporation.

The Board of Directors' oversight of the executive board's activities is conducted regularly and continuously. Major issues such as executive board personnel, management of representatives at units with capital contributions; and the direction and policies for

conducting production and business activities within the scope of authority, regulations, and relevant rules are promptly decided and directed by the Board of Directors to ensure they align with the Corporation's production and business model, guaranteeing efficiency and compliance with regulations.

4. Activities of the Board of Directors' subcommittees:

To date, the Corporation has not established any subcommittees directly under the Board of Directors. The activities of the Corporation's functional and specialized committees are all aligned with the guidelines set forth in the Shareholders' Meeting Resolution and the Board of Directors Resolution.
